

Service Assured Networking Solutions

1 Multiservice Operational Network for Air-Traffic Control

Your Benefits:

- Ensure reliable, uninterrupted communications between different traffic control centers with RAD's multiservice connectivity solutions over any transport network, including SDH/SONET, IP/MPLS, MPLS-TP, CE, OTN, DWDM
- Deliver direct speech (DS), Telex (TTY), radar data (RD), extended range VHF (ER), and VHF data link (VDL) traffic, together with other voice, fax and LAN services, using industry-standard interfaces
- Transport traffic over copper, fiber, microwave, or satellite links
- Distributed SCADA security suite with integrated firewall and encryption
- Optimized for substrate leased line transmission and backup to reduce OpEx
- Ruggedized platforms withstand the rigors of field operations
- Support fail-safe operations with ISDN, VSAT and Ethernet backup

Products Included in this Solution:

Megaplex
Next-Generation Multiservice Networking Nodes

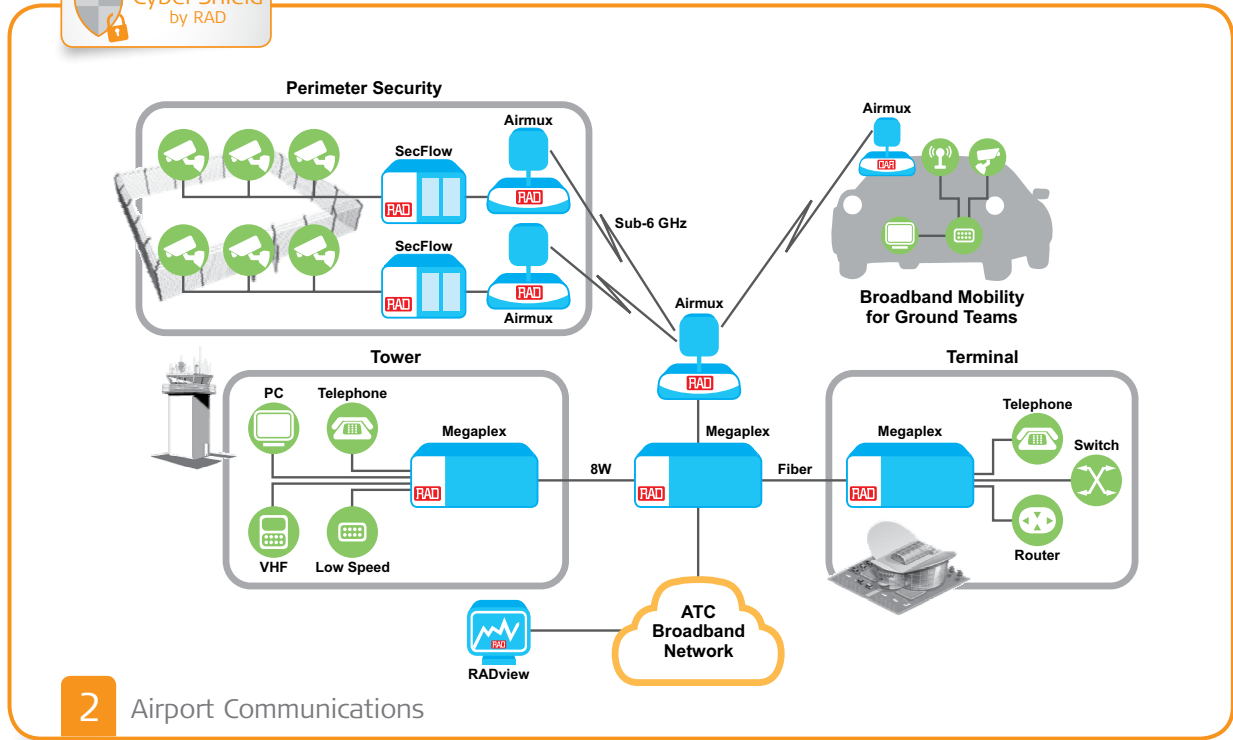

DXC-5000
High Capacity Hybrid Cross Connects

PacketLight
Complete Solutions for WDM/OTN and Dark Fiber Applications

RADview
Management and Domain Orchestration

2 Airport Communications

Your Benefits:

- Ensure uninterrupted communications between control towers and traffic control centers with RAD's multiservice connectivity solutions for air-traffic control communications
- Deliver direct speech (DS), Telex (TTY), radar data (RD), extended range VHF (ER), and VHF data link (VDL) traffic, together with other voice, fax and LAN services, using industry-standard interfaces
- Ruggedized platforms withstand the rigors of field operations for outdoor CCTV cameras and other security applications
- On-the-move communications for vehicles and vessels in airports and harbors
- Transport traffic over copper, fiber, microwave, or satellite links
- Distributed SCADA security suite with integrated firewall and encryption

Products Included in this Solution:

Airmux-Mobility
Mobile Wireless Access

Megaplex-4
Next-Generation Multiservice
Networking Node

SecFlow-2
Ruggedized SCADA-Aware
Ethernet Switch/Router
