

## TRANSFORM YOUR DESKTOP INTO A SMART COLLABORATIVE WORKSTATION

**VARTA WIN200**

*The UC Client for Seamless Collaboration*

## VARTA WIN200

### The UC Client for Seamless Collaboration

Today's dynamic business environment requires real-time communication solution with anytime anywhere access. Business Communication often fails to keep pace with these demands due to complex architecture and rigid interfaces.

Matrix presents VARTA WIN200 - The UC Client, redefining communication experience with its variety of collaboration features and intuitive user interface. Powered by MATRIX SARVAM UCS, VARTA WIN200 empowers user to switch or extend the extension to their desktop computer. It offers real-time features such as Video Calling, Presence Sharing, Instant Messaging, Drag-and-Drop Conference and BLF Keys (up to 600). The VARTA WIN200 elevates communication effectiveness and business productivity to the next level.

## APPLICATION AND BENEFITS

### CALL MANAGEMENT MADE EASY

VARTA WIN200 brings all of your communication needs together in a single client making it an easy solution for users. With Corporate Directory Integration and Pop-Up Notification, VARTA WIN200 empower users to switch or extend extension to desktop computer. It delivers IP telephony solution to your desktop computer complementing it with call handling and convergence capabilities.

- Comprehensive Call Handling capabilities with Transfer, Conference, Hold, Forward and DND
- One Office – One Number, seamless connectivity to office employees even on the move.
- Flexibility with integration of VARTA WIN200 with your IP Deskphone or Mobile App and avail benefits of same extension number.
- All contacts in one location with Corporate Global Directory Integration for easy access.

### INCREASE STAFF PRODUCTIVITY WITH REAL-TIME UC FEATURES

VARTA WIN200 provides flexibility by allowing users to access services at any time in any place. Services are tightly linked to the user, providing unique levels of personalization and control over the communications experience leading to enhanced productivity. An example is the ability to access voice mail, text and instant messages from a single interface.

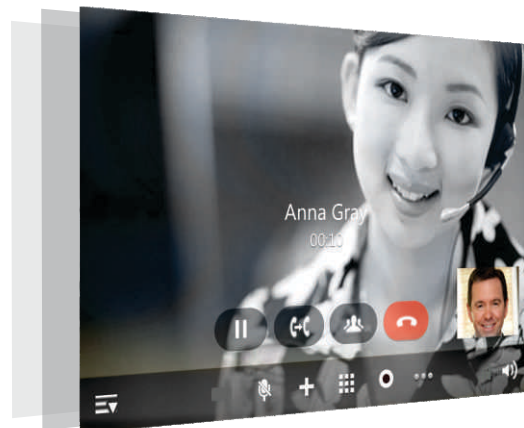

- One touch access to extension numbers with 1000 Direct Station Selection keys.
- Monitor Real-Time status of employees with 600 Busy Lamp Field keys.
- Presence Sharing and Instant Messaging for live status updates and quick chats.
- Drag and Drop Conference for meetings offers convenience to the users and saves time.
- Contact Grouping for easy search and quick connectivity.

### INVEST IN YOUR COLLABORATION SOLUTION FOR LOWER TCO AND HIGHER ROI

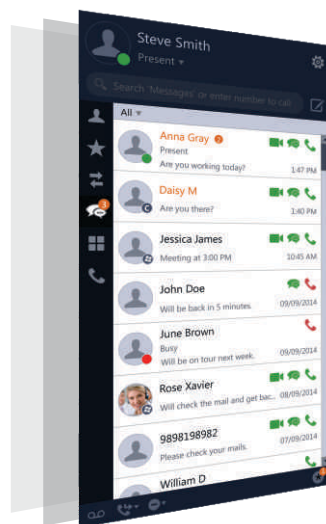

VARTA WIN200 is a Business mobility solution which enable employees to get full access to enterprise communication features on desktop computers. Thereby extending anywhere connectivity for employees to stay in touch with business communications and enhance customer responsiveness.

- Reduce mobile charges through desktop computer extension while outside state or country.
- Use Multi-Party Audio Conferencing and Drag and Drop Transfer for enhanced productivity leading to higher ROI.
- Protect your investment by utilizing existing desktop computer as an office extension.
