

ErisStation® SIP Conference Phone with Four Wireless Mics

VCS754

Whether you're already running your business with a SIP phone system or getting ready to make the move, you can extend your coverage all the way to the conference room with the VTech ErisStation SIP conference phone. It comes with four removable DECT 6.0 microphones that feature Orbitlink Wireless Technology™. Unlike traditional conference phones, ErisStation lets everyone spread out and speak without having to gather around the phone or raise their voices. Advanced audio features, such as acoustic echo cancellation, automatic gain control and dynamic noise reduction, deliver premium, interference-free sound quality. Plus, integrated design makes it easy to charge the microphones right in the base and keep everything together.

VCS754 Key Features

Full-duplex speakerphone in base

Callers can speak and be heard at the same time, just as they would in a face-to-face meeting.

Flexibility

With support for up to three SIP lines/accounts, you can manage multiple calls with advanced call handling features.

Intuitive design

You're in business with a user-friendly interface, large backlit display, three soft keys and navigational pad.

USB speakerphone

USB connection for using a PC-based softphone or speaker.

HD voice quality

With G.722 wideband codec support for HD audio, calls have never sounded so rich and life-like.

DECT 6.0 wireless microphones with Orbitlink Wireless Technology™

Portable, wireless microphones allow everyone to collaborate beyond the conference table.

Up to 8 hours of talk time per wireless microphone

With 8 hours of talk time for each microphone, you have plenty of room to keep the meeting going on one charge.

Up to 70 hours of standby time per wireless microphone

With up to 70 hours of standby time for each microphone, there's no need to worry about losing a charge mid-meeting.

Built-in wireless microphone charging bays in base

Magnetic charging bays in the base keep the microphones together and ready for the next call.

Operable in small, medium and large rooms

With a base speakerphone, 2 fixed and four wireless microphones, ErisStation is a flexible solution for any size conference room.

2-year standard warranty

Enjoy the peace of mind that comes with an industry-leading, standard two-year warranty.
